Description: Roasting a duck to a crispy skin state of perfection is not difficult, but it does take some time. Thus, the recipe name.

Serving Ideas: Serve with a Wild Rice, traditional, or Chinese Black Rice, an herbally, sweet rice. Or you can roast fresh root vegetables cut into chunks under the duck. This will keep the duck from burning. Place the vegetables in the pan for the first 4 hours then remove and keep warm.

Ingredients:

1 whole Duck

2 med Apples cut into
chunks, sweet to semi-
sweet but not tart apples

Celtic fine Sea Salt and
fresh ground Tellicherry
Black Pepper to taste

Directions:

1. Pre-heat the oven to 300 degrees F
2. Remove the bag of gizzards from the duck. Wash the duck under cold water and pat dry. Prick the duck's skin all over and sprinkle lightly with salt and pepper. Stuff the cavities with the apple pieces.
3. Place the duck in the roasting pan, breast side up. Roast the duck in a racked roasting pan for 4 hours at 300 degrees F. Do not cover the duck. At each hour, prick the skin again and turn the duck over. This keeps the duck basted and the duck fat drained.
4. At the end of 4 hours remove the root vegetables (if using) and set aside. Raise the heat to 350 degrees F and cook for 1 more hour. The skin should be a nice deep, tan color at the end of the cooking. Remove the duck from the heat and let it rest for 20 minutes to redistribute the juices.
